Roma inclusion through local partnerships

ERGO Network has been working actively to use bottom-up and partnership-based approaches such as Community-Led Local Development to engage Roma people more actively in shaping the future of their local communities. Involving Roma themselves in the development, implementation and evaluation of programmes creates trust between authorities and Roma, contributes to more effective needs-based approaches and avoids misuse of funds. At ERGO Network's Conference, we will discuss the potential of local partnerships between Roma communities and other stakeholders and give recommendations from the Roma grassroots level on how to strengthen local partnerships through the next EU programming period.

The event is followed by ERGO Network's 10 years anniversary celebration!

More information on the agenda will follow soon! For questions, please don't hesitate to get in touch: info@ergonetwork.org, +32 2 893 10 49

ERGO Network receives financial support from the European Union Programme for Employment and Social Innovation EaSI (2014-2020). For further information please consult:
