

Casting Search: Pixar Animation Studios

Pixar is casting a voice-over role for an upcoming English-language animated feature.

The character, Lena, is a 17-year-old Romani musician.

A passionate violinist who spends her days as a street musician and her nights working a dishwashing job at a restaurant. She's whip-smart, resilient, and filled with a youthful spirit and a sarcastic sense of humor. But she's also quick to put up walls to protect herself, due to years of prejudice against her and her family.

We're looking for actresses who:

- Are enthusiastic, outgoing, funny, and energetic
- Feel comfortable acting in English
- Can authentically portray a Romani character

Lena speaks a few words/lines in Romani. Actors don't need to be fluent, but it's helpful to have some familiarity with the language.

Actors/performers who fit this description and would like to audition for the role, please contact: Pixar-Casting@pixar.com for audition scenes and further information.
